

OCTOBER 4, 2020

# Neighbor to Nations

In the middle of a global crisis, you may feel like there's little you can do to help, but we can still be the people of God, lights shining in a dark season. Our Sending team wants to come alongside you with suggested ways to love near and far. Here's what you can do this week:

## LOCAL

### How to Pray

- Ask God how you can engage your neighbors in this season.
- Ask God to give you a burden for the lost in your neighborhood.
- Pray for local schools and teachers.

### What to Do

- Consider inviting one of your neighbors over to share a meal. The weather is great right now for eating outside!
- Want to talk to your friends or neighbors about Jesus? [Alpha Groups](#) invite anyone and everyone to explore the Christian faith and can help you have conversations about God.

## GLOBAL

### How to Pray

- Pray for the Carley family as they have landed in the Middle East and have started to create new rhythms of life:
  - For language lessons as they begin learning
  - For their search for a car
  - That their relationship with a believing college student who will watch their kids would bless them and continue to grow
- Pray for the Farmer family in Tokyo as they plan for the season ahead:
  - That the Lord would provide a venue for their Christmas museum; they hope to reach 1,000 people with the gospel through it
  - That their church would continue to grow and develop a core group of members
  - For their weekly International Gospel Cafe event, where they discuss deep topics that aren't typically addressed in Japan

### What to Do

- Are you a medical professional interested in missions work? Great news! Our Sending team is adding medical missions to our 2021 Go Trips lineup! To find out more, join us for an informational Zoom meeting on Monday, October 26. Get the details [on our website](#).
