

NOVEMBER 1, 2020

# Neighbor to Nations

The Village Church exists to love God, love people, and make disciples of Jesus Christ, and there are many ways you can do that both near and far. Our Sending team wants to come alongside you with suggestions on how to shine the light of Christ locally and globally. Here's what you can do this week:

## GLOBAL

### How You Can Pray

- Pray for the Carley family as they have landed in the Middle East and have started to create new rhythms of life:
  - *For language lessons as they begin learning*
  - *For their search for a car*
  
- Pray for the Farmer family in Tokyo as they plan for the season ahead:
  - *That the Lord would provide a venue for their Christmas museum; they hope to reach 1,000 people with the gospel through it*
  - *That their church would continue to grow and develop a core group of members*
  - *For their weekly International Gospel Cafe event, where they discuss deep topics that aren't typically addressed in Japan*

## LOCAL

### How You Can Pray

- Ask God how you can engage your neighbors in this season.
  
- Ask God to give you a burden for the lost in your neighborhood.
  
- Pray for local schools and teachers.

### What to Do

- Identify one person to pray for and talk with in your neighborhood.
  
- Walk your neighborhood and pray for the houses you pass.
  
- Want to talk to your friends or neighbors about Jesus? [Alpha Groups](#) invite anyone and everyone to explore the Christian faith and can help you have conversations about God.
